# The Hub History

Originally built in 1902, the naval swimming baths and bowling alley were formed as part of the former Royal Naval Barracks at Chatham Dockyards which alongside Portsmouth formed one of six Royal Naval Dockyards in England. Following the closure of the Dockyard, the buildings were partly occupied by the Natural Resources Institute, but the swimming baths complex were left unused and until the site was acquired by the Universities at Medway.

Following a large-scale redevelopment and refurbishment in 2017, this beautiful grade II listed building was modernised and converted into a versatile events space: The Hub. Sticking to its recreational roots, the space is perfect for music events, conferences, parties, theatre and much more.

Flagship Events is proud to offer this space for hire, which includes a large 400 capacity venue and a smaller 100 capacity mezzanine.

\*Please note that this venue is used within a university and therefore may have some restrictions on availability.

# The Deep End

Late licence 7 days a week until 3am.

The Deep End is a state-of-the-art events space, found in the interior of The Hub at Medway. The space itself is the main area of a former swimming baths on the former Royal Naval Dockyards.

A large bar is found at what was the former deep end of the swimming baths. Next to this is a smaller booth, which can be used as a shot bar or buffet counter for catering. Kitted within the venue is an ultramodern Martin Audio sound system and IOM projector wall.

## Working Hours

Monday to Friday - 8am-10pm  
Saturday & Sunday - 9am-5pm

Sunday-Wednesday: 10am-1am
